

****Warning****

If you are using a cellular telephone in Anderson Township and dial 911 for an emergency you may inadvertently be connected to the “wrong” Communication Center. If you reach another Communication Center tell the dispatcher where you are (including Hamilton County) so the call may be transferred. You may want to program 513-825-2260 Fire Communications and 513-825-2280 Sheriff Communications as a back-up number into your phone in case you encounter a 911 connection problem with your cell phone, whether at home or an Anderson Township Street.
